

## FOR THE RECORD, IT WORKS!

*For the Record, It Works!* That's the message we plan to give to the members of the Pennsylvania legislature on Tuesday, February 5th, expected to be the day Governor Corbett releases his budget proposal for the next fiscal year.

The record in question is a record album, melted into a bowl like the one pictured here, delivered to each member of the House and Senate along with the message:

*For the Record, It Works!*

*Investment in our state parks and forests, whether through dedicated funding or budget line items, is an investment in the future - through economic development, improved health of our fellow citizens and an enhanced quality of life for all of us.*

We believe the bowls will serve as a visual reminder to keep the needs of the state parks and forests in mind as budget deliberations commence. Your personal message added to ours will help to make that message stronger. For a **\$10 donation**, we will customize a bowl with your message of support for your favorite park or forest and hand deliver it to your representative or senator. ([Send a message to both of your legislators for \\$15.](#))

We respectfully request that you remain positive and upbeat in your message! Let your elected officials know what your parks mean to YOU. They know PPFF loves our parks and forests, but do they know you do, too?

The window to make this happen is small; submit your message by February 1st so we can have the bowls made and customized by the 5th. Complete the form below and return it to PPFF with your check as soon as possible!
