

STAR LEGACY
FOUNDATION

Supporting the Family Experiencing Early Pregnancy Loss in the ED, OR, and Outpatient Settings

Monday, December 7, 2020

12:00 pm – 1:00 pm Central Time (please adjust for your location)

Virtual Presentation

Registration: \$10

Registration link: <https://tinyurl.com/yyfcgqp9>

CEUs included and available for nursing and social work. Other professional discipline credit may be available upon request.

Target Audience: Health professionals caring for perinatal loss patients and their families including nurses, physicians, social workers, case managers, imaging technologists, and pastoral care, etc.

Objectives:

At the conclusion of the workshop, participants will be able to:

- Describe medical treatment options for women experiencing a miscarriage
- Discuss the challenges to providing bereavement care in these settings
- Review racial disparities and cultural variations
- Identify evidence-based interventions for early pregnancy losses diagnosed or occurring in the ED, OR, or Outpatient Settings

Faculty: Jennifer L. Kouri, RN, CPLC
