GCC Mission Statement

The Georgia Council of Chiropractic is 100% committed to protecting, promoting and perpetuating chiropracTIC to benefit Georgia's citizens and the ChiropracTORS serving in Georgia.

Our mission is to profess and promote the ideals and principles of the founder of chiropractic, Dr. DD Palmer, the developer of chiropractic, Dr. BJ Palmer, and the defender of chiropractic and founder of the GCC, Dr. Sid E. Williams.

The GCC proclaims that detecting and correcting Vertebral Subluxations is a just and noble cause, which allows people to express 100% of their innate potential for health, happiness and overall well-being.

The GCC also notes that Chiropractic is not therapeutic, and should remain a non-therapeutic profession, which does not embrace a therapeutic approach to health and does not include the use of drugs or surgery.

The GCC recognizes the legal rights of all licensed Doctors of Chiropractic to practice within the legal parameters of their state law. We welcome as members all, regardless of practice style, who understand and respect the ideals as set forth by the GCC.

EXHIBITOR PRODUCT/SERVICE GUIDELINES

GCC Sponsor/Exhibitor Applicant:

The Georgia Council of Chiropractic represents a select group of chiropractors with a focused purpose. That purpose is to enhance the quality of life of the people we serve by removal of nerve system interference known as vertebral subluxation.

Our doctors do recognize that there are other factors involved in health, and that other forms of healthcare do have their merit. However, it is widely held in this association that these other forms of healthcare stand outside the practice of chiropractic.

Regardless of the leniency of state law, the GCC believes that therapeutic treatment modalities are not the practice of chiropractic. For the most part, the members of GCC have these same beliefs and would find therapeutics and other treatment regimens offensive at a GCC function.

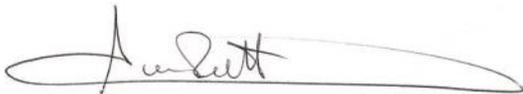

We recognize that many companies have products that do not fall into the therapeutic realm, while at the same time *some* of their products *are* therapeutic in nature. In order to have a prosperous event, without any contradictions in our principles as an organization, it is our admonition to vendors that no therapeutic products or services be brought or displayed at GCC functions. You are however, welcome to bring other products that will not be deemed as contradictory to our philosophical stance.

If you feel that you cannot comply with this guideline we would ask that you reconsider your participation. Bringing items that would not be well received by our group would only serve to hurt your sales. It is our hope that the GCC can bolster sales for you. We do recognize that this policy does reduce the number of vendors that will participate with the GCC, making those that do a select group.

If you have any concerns or questions as to your products or services meeting these guidelines please feel free to call us and we will be happy to discuss this with you.

The GCC desires that our doctors and vendors have a successful event. With these guidelines we feel that you, as a vendor, will receive the best response to your products and services.

Sincerely,

Awais Butt, DC, President

On behalf of the Officers and Board of the Georgia Council of Chiropractic
